Professional Summary

DevOps Engineer with hands-on experience building CI/CD pipelines, Kubernetes deployments, and cloud infrastructure automation. **Terraform-certified** with demonstrated expertise in **AWS EKS, GitHub Actions, Jenkins, ArgoCD**, and **container orchestration**. Background in frontend development provides unique insight into developer workflows and pipeline usability. Passionate about driving reliable, automated deployments and scalable infrastructure.

Technical Skills

Cloud & Infrastructure: AWS (EKS, EC2, S3, IAM, RDS, Lambda, ALB, NLB, VPC), Azure, Terraform

Containers & Orchestration: Docker, Kubernetes, Minikube, ArgoCD, Multi-stage Builds

CI/CD & Automation: Jenkins, GitHub Actions, Git, GitOps, SonarQube, Trivy, Bash Scripting, Python

Monitoring & Observability: Prometheus, Grafana

Frontend: Angular, AngularJS, React, JavaScript, SPA Development, Responsive UI

Backend & Databases: Node.js, Express.js, RESTful APIs, GraphQL, MySQL, SQL, MongoDB

Tools: Linux, JIRA, Figma, Power BI

Certifications

Hashi Corp Certified: Terraform Associate – Feb 2025 – Feb 2027

Professional Experience

DevOps Engineer — Capstone & Applied Projects (Sept 2023 – Apr 2024)

Bow Valley College, Calgary, AB, Canada

- Built end-to-end CI/CD pipelines using Jenkins and GitHub Actions, reducing deployment time by 50% through automated build, test, and deployment workflows
- Provisioned AWS cloud infrastructure using Terraform (Infrastructure as Code), including AWS EKS clusters, VPCs, IAM roles, and S3 remote backend for state management
- Configured AWS Application Load Balancer (ALB) and Auto Scaling Groups to ensure high availability and optimal resource utilization
- Managed AWS services including EC2, S3, RDS, and IAM for scalable and secure application deployments
- Deployed cloud-native microservices to Kubernetes using Docker containers and ArgoCD for GitOps-based continuous delivery
- Optimized Docker images using multi-stage builds, reducing container image size by up to 80%
- Implemented secrets management using AWS Secrets Manager for secure handling of credentials and API keys
- Integrated SonarQube and Trivy into CI/CD pipelines for automated code quality analysis and container security scanning
- Implemented monitoring and observability using Prometheus and Grafana dashboards for real-time metrics and alerting
- Automated infrastructure provisioning and operational tasks using Python and Bash scripting

Frontend Developer (Oct 2020 – Aug 2023)

Cognizant Technology Solutions, India

- Developed enterprise Single Page Applications (SPAs) using Angular 12, improving application performance and user engagement across multiple client projects
- Led migration of legacy Angular 2 applications to Angular 11+, modernizing UI architecture and reducing technical debt
- Applied performance optimization techniques including lazy loading, code splitting, and caching strategies, improving page load times by 30%
- Deployed frontend applications to AWS EC2 and S3, configuring security groups for secure hosting
- Collaborated with DevOps team on build and deployment processes, gaining exposure to CI/CD pipelines and containerization
- Managed version control workflows using Git and GitHub, including branching strategies and pull request reviews

Full Stack Developer Intern (Jan 2020 – Aug 2020)

Cognizant Technology Solutions, India

- Built full-stack web applications using MEAN stack (MongoDB, Express.js, Angular, Node.js) for internal business tools
- Developed reusable and responsive UI components, improving cross-device compatibility and user experience
- Integrated RESTful APIs with backend services, reducing feature delivery time by 25%
- Collaborated in Agile sprints, participating in daily standups and delivering features on schedule

Education

Professional Certificate – Data Science (Sep 2024 – Apr 2025)

Southern Alberta Institute of Technology, Calgary, AB, Canada

Post-Graduate Diploma – Cloud Computing (Sep 2023 – Apr 2024)

Bow Valley College, Calgary, AB, Canada

Bachelor's – Computer Science & Engineering (Aug 2016 – Apr 2020)

Anna University, Chennai, India
